

FIRST U. S. SHIP THROUGH CANAL—The American tanker, George F. Getty, flying Liberian flag, moves through the Suez Canal. It was the first American ship to sail through the waterway since the Anglo-French invasion of Egypt. The U. S. State department has cautioned American vessels against entering the canal until some agreement on tolls and operation has been reached with Egypt. (NEA Radiotelephoto)

About Town

And Country
By TIMOTHEUS T.

THIS IS A SQUIRREL STORY from Harry Porter's Hardin County Independent, printed Thursday of this week:

"It was not the cat that came back to the home of Mr. and Mrs. Bob Lewis near Elizabethtown—it was the squirrel. They have a cat, aged 7, but it had not left home.

"The squirrel, named Mr. Don, will be a year old June 10. He had been missing for two weeks to the day, Mrs. Lewis said, and all the family had gone to town except Doris Gail. She looked out of the window and saw Mr. Don on the porch with his playmate—the house cat.

"Gail opened the door and Don came in and went to the cat's bowl for his milk, though no milk was there.

"So Gail gave the squirrel orange juice which he seemed to like very much.

"Willie Goodson saw the cat washing the squirrel, but men at the mines wouldn't believe what he said that he saw.

"After the squirrel's return home, Gail let him play with the cat for two hours, and then she took the squirrel back to the woods, running back to the house herself, after releasing him.

"But when she got home Mr. Don was there on the porch. She went in and shut the door of the house, and finally Don left.

"WHEN JOHNNIE got home from town it was dark, but he just had to stay outside and call for Don. But the squirrel was asleep.

"The next morning Johnnie looked up from the garden and there came Don. The squirrel jumped on Johnnie's shoulder and there was a happy reunion.

"The Lewises have come to the conclusion that Don is one squirrel which doesn't like staying in the woods and making his living."

HERE ARE SOME sayings of the ol' gardener, Audie 'Slats' Dewey:

Old gardeners never die—they just spade away.

A well-kept lawn or flower bed is a thing of beauty and a JOB for ever.

By the time your aching back gets used to it, you are about ready to throw in the TROWEL.

Gets Lots of Advice

Senator Complains of Treasury Ruling He Must Spend Allowance or Pay Tax

WASHINGTON (UP) — Government tax experts led by Treasury Secretary George M. Humphrey offered Sen. John J. Williams (R-Ind.) lots of advice today on what he could do with his left-over \$1,508.26 in expense money.

Williams said all he wanted to do was give the money back to the Treasury as a refund. But he said the Treasury wouldn't take it.

Humphrey said that wasn't so. He said he would be "glad to receive it personally."

Williams complained to the Senate Thursday that under a Treasury Department ruling he must spend all of his annual \$1,800 stationery allowance or report the

12 Persons Dead

Vicious Spring Storms, Twisters Hit Central Section of Nation

By United Press

Tornado threats lingered on today in the wake of vicious spring storms and twisters that rained death and destruction across the central section of the nation.

An incoming mass of sultry air collided with departing winter Friday, touching off a series of tornadoes, thunderstorms, high winds and hail.

A United Press count showed at least 12 persons had been killed in the outbreak.

Kills Girl at Good Friday Services

COVE, Ark. (UP) — A 24-year-old rejected suitor shot his former girl friend to death in church during Good Friday services Friday night and then took his own life.

The body of Haskell Sullivan was found in his car parked in front of his brother's home in Nanchiot, Okla., where he fled after killing Helen Griffith, 20.

Deputy Sheriff Hobart Hensley of Polk County, Ark., said Sullivan shot through a window of the Hilltop Holiness Church here. A 65-year-old man, Buck C. Rankin, seated near Miss Griffith in the church, was hospitalized with wounds inflicted by a stray bullet from Sullivan's .22 caliber pistol. After the shooting Sullivan drove to his home town, Nanchiot.

Cove Constable John Gunter said Sullivan had formerly dated Miss Griffith, but she recently had refused to go out with him.

Gunter said he had been summoned by the girl's family to the home on one recent occasion to forcibly evict Sullivan when the youth had threatened the family.

Reports Indicate Good Oil Well at Naugle Site

Reports from Raleigh township today were that the Roy Naugle No. 1 in Section 20 came in yesterday afternoon and will be a good well. It was stated there was 12 feet of saturation in the Aux Vases. The well, in the NE corner of the SW quarter of the SW quarter, was drilled by the Lohman-Johnson Drilling Co. of Evansville.

Eight of the victims were killed in Wisconsin, one in a tornado, two each in a rain-caused plane crash, a motorboat sinking and on fog-covered highways. Another person was struck by lightning.

Four others were killed in traffic accidents blamed on poor visibility—three in Illinois roads and one in a Kansas dust storm.

Nebraska and Oklahoma were also slapped by the twisters, but no deaths were reported.

In Wisconsin, three tornadoes swooped into the Necedah and Burlington area Friday afternoon, and near Kendall in the evening. William Mellish, 60, was killed when a funnel pitched him 100 feet into a field after battering his house. A Burlington housewife suffered a heart attack while watching a tornado and was hospitalized.

Vince Ptashinski, 17, and Edward Schlieve, both of Beaver Dam, Wis., drowned while boating on a lake. Three companions who escaped blamed sudden winds and turbulent waters for upsetting the boat.

Two Glen Cove, Minn., men died when their light plane plowed into a field near LaCrosse, Wis. Officials said Vernon Perscau, 42, and Max Jacob Albers, 36, were making a forced landing during a down-pour.

Oconomowoc, Wis., high school teacher Oscar Dobratz, 45, was killed by a bolt of lightning.

Other twisters struck at McCook and Culbertson, Neb., and at Bartlesville, Okla. The weather bureau said funnels were spotted in parts of Nebraska and Texas, but either didn't touch ground or failed to cause extensive damage.

Weathermen forecast more showers and thunderstorms for the area from the Great Lakes southward into Texas. Showers were also in store for the middle Atlantic Coastal states, the Ohio Valley and the Gulf region. Light rain and possible snow flurries were expected in the Great Basin and the northern and central Rockies.

Stalled Train Hit from Rear In Brooklyn Tunnel; 77 Hurt

Body of Christopher Man Found Partly Submerged in Big Muddy

WEST FRANKFORT, Ill. (UP) — A man identified as Charles Durward Penrod, Christopher, Ill., was found partly submerged near the banks of the Big Muddy River Friday.

Penrod's relatives told police that he had left for Hammond, Ind., two weeks ago to seek employment.

An autopsy will be held today.

Reports \$5,186 Collected For Red Cross

A total of \$5,186.90 has been collected to date in the Saline County Red Cross Fund Drive, chairman Harry L. McCabe reported.

Four townships in the county still reported no money is still badly needed, McCabe stated, as he expressed the appreciation of the chapter board for the donations that have been mailed in by persons who were not solicited.

Township chairmen who have reported so far are as follows: Harrisburg (Marion Bradley), \$2,500.29; Eldorado (Ike Williford), \$850.31; Carrier Mills (Freeman Dale Pankey), \$219.03; Galatia (Ben Boyett), \$132.33; Raleigh (Elizabeth Bishop), \$39.09; onefort (Eckert Ozment), \$100.00; Cottage Grove (Ben Wintzler, John Ed Alvey, and Marion Fox), \$150.25; Brushy (Mrs. Dewey Dallas), \$33.75; Long Branch (Mrs. Philip Anderson, assisted by Mrs. Iris Rhine), \$39.85; and Rector (Lee Porter), \$65.00. County contributions have totaled \$307.00, making a total of \$4,436.90 for the general fund plus \$750.00 in donations to the blood program.

Chairmen reporting in Harrisburg township since the last publication are: Dr. Frank Skaggs, Mrs. George Barnes, Mrs. George Johnson, Mrs. Hobart Rawlins, Mrs. Freeman Bacon, and Mrs. Carl Beggs, who as chairman of the West Ledford school district was assisted by four pupils from West Ledford school, Larry Winkelman, Dannie Clarida, Jerry Killman and Eddie Flannell.

Francis Smith Father of Mrs. Chas. Cannon, Dies

Francis Smith, 64, of Sesser, died at 5:20 p. m. Friday at the Marshall Browning hospital in Du Quoin. He is survived by his wife, Nellie; two daughters, Mrs. Charles Cannon of Harrisburg, and Mrs. Harry Reed of Sesser, and a son, Arthur Smith of Brooklyn, N. Y.

Mr. Smith had been in the hospital since the first of April where he was taken from his home in Sesser. He had lived in Sesser since 1941 and prior to that time had been a resident of the Banks community, west of Harrisburg.

The body is in the care of the Thornton funeral home in Stonefort and will lie in state there at 6 p. m. today until Sunday afternoon, when it will be taken to the Brayfield funeral home in Sesser to lie in state until the funeral. Further plans await word from the son in Brooklyn.

Mrs. Smith is the former Nellie Minor, sister of Mrs. Thornton, and is also survived by seven grandchildren.

Morrison Sister Dies in Arkansas

Miss Mary Morrison, Miss Edith Morrison and Mrs. Anne Cook have gone to Corning, Ark., to attend the funeral of their sister, Miss Elizabeth Morrison. The funeral will be held in Corning at 2 p. m. Sunday.

Locked Out, Then In

ROCHDALE, England (UP) — Clara Leach, 75, arrived home without her keys and found her front door locked so she decided to slide down the coal chute into the cellar. Police found her in the cellar 31 hours later. That door was locked too.

U. S. Resumes Economic Aid to Israel

WASHINGTON (UP) — U. S. officials disclosed today that American economic and technical aid to Israel "is being resumed."

The United States cut off aid to Israel last Oct. 29, 1956, when Israeli forces attacked Egypt. About 50 American personnel assigned to the aid programs were withdrawn from Israel. Only six remained behind in a caretaker status.

The State Department March 14 announced that talks on resuming aid would begin soon.

Spokesmen for the State Department and the foreign aid agency told the United Press that now "the American aid program to Israel is being resumed."

The State Department spokesman said the basic decision to resume aid had been made, and that American and Israeli officials are discussing details here and at Tel Aviv.

The foreign aid spokesman said American aid personnel "have been authorized to return to Israel." He estimated that more than six Americans already are back at their jobs on agriculture, health, sanitation, education, communications and other aid projects.

Aid to Jordan and Lebanon was cut off in October. There was no indication of resumption of aid to those countries.

Officials said the amount of Israeli aid for this year has not been finally decided. But the United States before the October invasion had earmarked about 25 million dollars for aid to Israel during the current fiscal year ending June 30. Only \$400,000 of this had been allocated to Israeli aid projects.

Second of Series Of Sales Clinics Monday Night

The second of a series of sales clinics in Harrisburg by Southern Illinois University's Small Business Institute and the Division of University Extension will be held Monday, April 22, from 7 to 9 p. m. at the Junior high school.

The clinics are held to stimulate sales and salesmanship by retail clerks.

Ralph Bedwell, director of the Small Business Institute, and SBI consultants W. B. Hastings and Frank Stamberger staff the clinic.

The first meeting was held Monday, March 25, with 22 in attendance. It is hoped more persons in the Harrisburg area will take advantage of this unusual opportunity and plan to be present Monday evening. The clinic is set up for six meetings, the fourth Monday in the month, March through August inclusive.

There is a registration fee of \$1 per person per meeting.

Mrs. Will Dempsey Of Galatia Dies

Mrs. Mary A. Dempsey, 85, widow of Will Dempsey of Galatia, died at the Harrisburg hospital late Friday.

Mrs. Smith is survived by her son, George Atterbury, and daughters, Mrs. Sylvia Thompson and Mrs. Lydia Wilson, and a sister, Mrs. Adney Bingham, all of Evansville, Ind. Other survivors are daughters, Miss Hattie Atterbury of California, Mrs. Mary Finks of Detroit, Mich., and a stepson, Garland Dempsey, of Zeigler.

The body is in the care of the Courtney funeral home in Galatia pending funeral arrangements.

Area Knights Templar To Attend Services At Herrin Sunday

The Sir Knights of Commanderies of Knights Templar in southern Illinois will meet for worship on Easter Sunday at the First Presbyterian church at Herrin.

Sir Knights of Harrisburg Commandery plan to attend in a body, to unite in this annual observance of Easter by this Masonic body.

Scotland Yard Inspector to Address Southern Illinois Dinner Club Tuesday

How Britain goes about protecting its key people, including Winston Churchill, the Royal Family and other dignitaries, will be the basis of an address Southern Illinois Dinner club members will hear at their meeting Tuesday, April 23, at the Kurto Country club. The dinner meeting will begin at 6:30 p. m.

The story will come from the one man in the world who knows the most about it: Inspector Walter Henry Thompson of Scotland Yard who spent almost twenty years as the personal bodyguard of Sir Winston Churchill, and who on other occasions had the task of protecting the Royal Family.

It was the Churchill assignment that occupied most of Inspector Thompson's time and took him into thirty countries and hundreds of ticklish situations that required the use of hands, head, fists and quick thinking.

Attached to the Special Branch of Scotland Yard, Thompson's assignments were arduous and varied. During this tenure of thirty years he became one of the Yard's foremost experts on counter-

Walter Henry Thompson

espionage and secret service work.

Some of his experience have already been put in book form; his magazine articles are widely read. One of the latter was of such importance, Reader's Digest printed it in 13 of its international editions.

Beck's Challenge to AFL-CIO May Speed Return Before Probers

WASHINGTON (UP) — Teamsters Union President Dave Beck may speed his return engagement before the Senate Labor Rackets Committee if he avoids his day of reckoning with the AFL-CIO.

Committee member Karl E. Mundt (R-S.D.) told reporters that if the AFL-CIO proves unable to enforce its ethics code against Beck, the committee may change its schedule and recall him quickly for questioning about his private business deals with the union through firms in which he holds an interest.

"The committee has developed additional information that the Teamsters, the public and the Congress should know," Mundt said.

Beck Friday challenged the right of the AFL-CIO Executive Council to expel him from its membership. He said he still considers himself a council member.

He also demanded that the AFL-CIO Ethics Practices Committee provide detailed accusations and guarantee fair procedures when it holds hearings next month on corruption charges against him and his union.

The AFL-CIO moves against Beck came after he invoked the Fifth Amendment 117 times when

the Senate Rackets Committee questioned him last month about his personal finances. Senate investigators charged that he took more than \$322,000 from union treasuries for his personal use.

Beck made public a letter to AFL-CIO President George Meany charging that the executive council acted illegally when it suspended him March 29 as a member and an AFL-CIO vice president. He said the council could only make recommendations to the AFL-CIO convention.

Rackets Committee Investigators have been busy in Seattle for some time establishing the groundwork for questioning Beck a second time. No date has been set for the hearings.

Airliner Noses Over While Landing

DALLAS, Tex. (UP) — A Braniff Convair airliner carrying 41 passengers nosed over shortly before midnight during an emergency landing at Love Field with a faulty nose wheel. Passengers and crew members escaped injury.

The pilot, Capt. R. O. Mitten-dorf, of Dallas, circled the field twice while engineers observed the twin-engine plane's tricycle landing gear from the ground. They advised him to land while hundreds of persons watched from an observation deck.

Strattons to Observe Easter at Mansion

SPRINGFIELD (UP) — Gov. and Mrs. William G. Stratton will observe Easter at the governor's mansion here. Guests for the weekend include the governor's mother, Mrs. William J. Stratton, Morris, and Mrs. Helen Breckenridge, Chicago, Mrs. Stratton's mother.

He Is Risen!

Toward dawn of the first day of the week the Marys came to the sepulchre. It was empty. But an Angel of the Lord, who had descended from heaven, greeted them, saying, "He is not here: for he is risen, as he said." Thus came to pass the eternal miracle of Easter.

300 Passengers Jolted; Crews Avert Panic

First Train is Automatically Halted By Defective Brake

NEW YORK (UP) — Seventy-seven persons were injured Friday night when a subway train slammed into the rear of a second stalled train in a Brooklyn tunnel.

Eight of the injured were hospitalized. Two were reported in serious condition, including the motorman of the moving train, William Hoke, 46, who was pinned in the seat of his car for an hour and a half before being freed by police and fire rescue workers.

The injured, including 13 children, were treated at four hospitals, most of them for cuts, bruises and shock.

Riders Thrown Around Momentary hysteria spread through both trains in the darkened tunnel after the crash, which jolted most of the 300 passengers in the two trains from their seats. Many riders were sent sprawling to the floor by the impact, which also shattered windows, ripped loose seats and dimmed lights.

Panic was averted by train crew members who calmed opened doors and instructed passengers, many of them hysterical, to walk along catwalks to nearby stations.

Seven ambulances and disaster units from three hospitals raced to the scene to care for the injured.

The first train, a local en route from Brooklyn to Queens, had just negotiated a 90 degree bend in the tunnel beneath a Brooklyn street when it was brought to an automatic stop by a defective brake. The motorman, Victor P. O'Brian, 41, climbed down to the tracks, released the jammed brake and returned to his cab. Train Rattled From Behind

As he prepared to restart the eight car train, it was rammed by an eight-car subway train, also Queens-bound. Near panic ensued in both trains, although neither was derailed.

Hoke told investigators he halted his train when he saw two red signals ahead, a warning to approaching trains to stop. He said he restarted the train, however, when the signal changed to two red lights and a yellow — a signal to proceed at his own discretion. His train was moving slowly, at less than 15 miles an hour, when the crash took place, Hoke said.

Transit authorities said the casualty figures probably would have been much higher on a normal Friday. The Good Friday observance had reduced the traffic load considerably, they said.

Ice Capades Star Asks Divorce

SANTA MONICA, Calif. (UP) — Donna Atwood, 32-year-old skating star of Ice Capades, today sought a divorce from multi-millionaire John H. Harris, 57, producer and part owner of the show, on grounds of extreme mental cruelty.

Miss Atwood Friday filed a Superior Court divorce suit against Harris, and requested \$4,500 monthly alimony and \$1,500 monthly support of their three children. She said her husband made \$240,000 last year and is worth 5 million dollars.

The world famed figure skater asked custody of the couple's three children, twin sons, Dennis and Donald, 7, and a daughter, Donna Jeanette, 4.

Miss Atwood said she planned to retire from professional skating and devote full time to raising the children. She said her income from the show was \$50,000 last year.

The couple was married Aug. 1, 1949, at Waynesburg, Pa., and separated last Monday.

Judge Allen T. Lynch issued an order requiring Harris to appear in court April 26 to show cause why he should not vacate the \$350,000 family home at nearby Beverly Hills.

The Daily Register

(Established 1869 as Saline County Register.)

Published evenings except Sunday, at 35 South Vine Street, Harrisburg, Illinois, by REGISTER PUBLISHING CO. of Harrisburg. MRS. ROY L. SERIGHT, President.

CURTIS G. SMALL, Editor and Manager.

Entered as second class matter at the post office at Harrisburg, Illinois, under act of March 3, 1879. Subscription Rates: By Carrier 10 cents per week. By mail in Saline and adjoining counties, \$6.00 per year in advance; \$1.75 for three months. Outside Saline and adjoining counties, \$8.00 per year; \$2.50 for three months; \$1.00 per month. Single copies 6c.

The Daily Register is a private business institution. The management reserves the right to be sole judge as to acceptance or rejection of any statement for use either as a news item or paid advertisement.

BIBLE THOUGHT FOR TODAY

Jeopardized their lives unto the death. — Judges 5:18.

The people of Zebulun and Naphtali were not the last to do that. Our missing boys remind of that. We all hazard our lives for one thing or another, for a thrill we drive too fast, we live too furiously, or we soberly stake our lives for this end or that. Make it a worthy end.

Rank Does Not Warrant Risk

As he moves about the countryside in his official car, a president of the United States can become preoccupied and not realize how fast he may be traveling.

We must assume something like that happened to Mr. Eisenhower when his Secret Service driver recently violated the speed laws in taking the President to his Gettysburg farm.

But while it is doubtful he deliberately sought to break the law, there can be no excuse for carelessness in a matter so vital.

The President's own traffic safety committee said a while back that the "responsibility for behaving sensibly in traffic is shared by all of us." His stature at the head of the safety movement is visibly weakened if he does not practice what he preaches.

Actually, altogether too many public officials and campaigning politicians indulge in high-speed travel on the open road—without police escort. Seventy and 80-mile-an-hour speeds are common in election years.

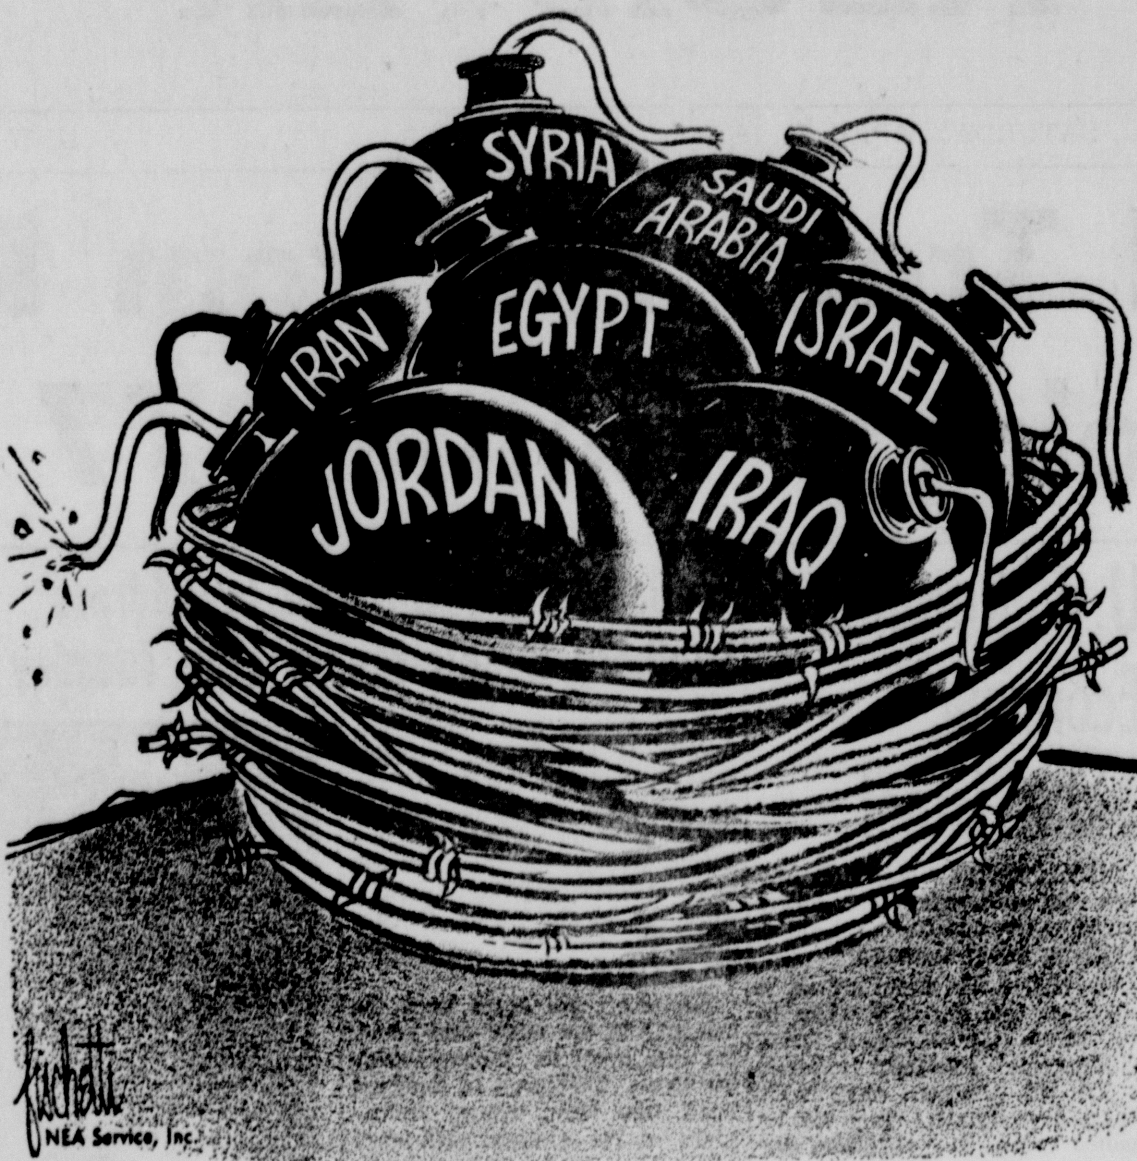

Children, ordinary motorists and others most of the time can't tell an official car from any other. They are entitled to the full protection of all traffic laws. They should not be asked to be on guard against public figures who may come burning past at 70.

It was good to hear that the President has ordered the Secret Service driver never to exceed the speed limit in the future. He and all others in government and politics have an obvious duty to set a good example if we are to solve our traffic problem.

Dire Disease

The American Cancer Society estimates that 450,000 Americans will develop cancer this year, but approximately 150,000 will be saved due to improved methods of diagnosis and treatment.

The Eggs We Hope Won't Hatch

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Summerfield Record Outstanding Among Postmasters General; Shows Courage In Tackling Big Magazine Mailers; Big GOP contributors Enjoy Post Office Gravy.

WASHINGTON. — Postmaster General Summerfield called me a liar the other day when I reported that he had pulled wires to shut down the congressional probe of Jimmy Hoffa and Teamster racketeering in the Detroit area. Now that he's being kicked around by Congress and the public generally, it might be a good time to come back at him.

Forgetting Mr. Summerfield's political errors, however, and sticking to his record as Postmaster General, it's hard to come back at him. For, despite his hassle with Congress, the facts as I review them are that Summerfield has done a pretty good job. I have watched quite a few postmasters and I don't know anyone who has done better.

Let's look at the record. Though the U. S. A. has expanded, Summerfield has run his huge operation with fewer employees. There were 523,737 in 1952 when he took over. There were 508,587 in 1956.

In that same period, mail had jumped from 49.9 billion pieces in 1952 to 56.4 billion pieces in 1956. There were 300,000 new home owners in 1956 and 250,000 new business concerns. Yet Summerfield ran the Post Office with less personnel.

The record also shows that Summerfield has been careful with the taxpayers' money. He has gone back to Congress only once before for more money. This

was in fiscal year 1956 when he needed and got an extra \$166 million.

In 1954, on the other hand, he turned back \$105 million to the Treasury, and in 1955 he turned back almost \$50 million.

His trouble this year is that he made a mistake in estimating the increased volume of mail. He figured it would be 2.8 per cent more than the last fiscal year, when actually it turned out to be 4 per cent more. This error of 1.2 per cent doesn't seem like much, but when you're operating 38,000 post offices it runs into both money and mail—59 billion pieces this year.

McCall Corporation now has a new president, not other than ex-Gov. Arthur L. Hays Sulzberger. He too was a strong like supporter. And his McCall's magazine costs the Post Office a formidable annual loss of \$1,507,000.

However, it should be said for Summerfield that, though he's a politician and though he's raised plenty of cash for the GOP — some of it by means that brought some convictions of Michigan auto dealers—he has bucked the big magazine owners.

Some people think he hasn't bucked them strongly enough. But right now Reader's Digest is circulating among congressmen advance copies of its May issue blasting Summerfield's operation. De Witt Wallace, publisher of Reader's Digest, is a strong Republican and, with Mrs. Wallace, contributed \$7,250 to the party coffers. His magazine cost the Post Office the huge sum of \$4,172,000 in second-class-mailing losses.

The inescapable fact is that the 10 top magazines of the nation account for three-fourths of the second-class mail. And Summerfield knows he has to beat the magazine lobby if he's going to come anywhere near balancing the postal budget.

In my opinion, the Postmaster General has made some bad political boners in his day, but running the Post Office is not one of them.

Note—The Luce magazine empire of Time, Life, and Fortune has just announced rights showing that in 1956, 25 cents out of every advertising dollar spent in magazines went to a Luce publication. Net income for the year was \$13,850,000 or \$7.10 a share. Earned surplus increased \$20.3 million to \$62.4 million. Time, also part owner of Houston Oil, is constructing a paper mill in Louisiana and a 47-story building in Rockefeller Center, New York City. Time also has acquired five VHF television stations, the maximum permissible, plus some radio stations. It constitutes perhaps the largest privately owned force for influencing public opinion, part of it built up through postal benefits.

WASHINGTON PIPELINE The White House press team of Hagerty and Snyder has now been split. When Murray Snyder, new assistant secretary of defense, issued a press statement on his own the other day that Gen. Curtis LeMay had been made vice chief of the Air Force, it brought a complaint from Hagerty. The announcement, he said, should have been made at the White House. . . . It is so sensitive over the charge of speeding between Washington and Gettysburg that he's told the Secret Service he'll fly to Gettysburg in the future—except in bad weather.

SNOW ON SPRING ST. — Betty Turnquist finds that weather conditions on Spring Street in Minneapolis, Minn., typify the late spring storms that have spread record snows for this time of year across great areas of the western and Rocky Mountain states. A plague to city dwellers, the snows promise respite from years-long drought conditions in some areas.

SNOW ON SPRING ST. — Betty Turnquist finds that weather conditions on Spring Street in Minneapolis, Minn., typify the late spring storms that have spread record snows for this time of year across great areas of the western and Rocky Mountain states. A plague to city dwellers, the snows promise respite from years-long drought conditions in some areas.

Mr. and Mrs. Robert Quick are the parents of a baby boy named Brad Norman.

Social and Personal Items

Royal Daughters Meet In Souheaver Home

The Royal Daughters Sunday school class of the Social Brethren church met in the home of Mrs. Essie Souheaver recently for a class social. Eight members answered roll call. Matthew 27 was read for the scripture lesson and Mrs. Rosa Morse led in prayer.

The minutes of the last meeting were read and accepted and all committee reports were approved. Election of officers was then held. The officers elected were Mrs. Carrie Randolph, president; Mrs. Rosa Morse, vice president; Mrs. Gertie Cook, secretary-treasurer, and Mrs. Mary Barker, reporter. Mrs. Goldie Dunn adjourned the meeting.

Rosa Morse and Gertie Cook were in charge of entertainment and refreshments of sandwiches, potato chips and cold drinks were served by the hostess.

Those attending were Mrs. Nancy Blue, Mrs. Rosa Morse, Mrs. Goldie Dunn, Mrs. Louise Butler, Mrs. Carrie Randolph, Mrs. Gertie Cook and Mrs. Mary Barker and the hostess.

The next meeting will be in the home of Mrs. Rosa Morse.

D.A.R. Chapter Guest of Mrs. Harley Shepherd

Mrs. Harley Shepherd entertained with a dessert bridge in her home at 1025 South Webster, Wednesday. Members of the Wheel and Distaff of D.A.R. were the guests. There was a short business meeting following dessert of homemade ice cream and lemon cake. The favors, eggs wearing Easter hats, were made by Mary Hume.

Bridge prizes were won by Mrs. Charles Ford and Mrs. H. E. Mitchell Jr. Mrs. Frank Gray, the regent and a special guest at meeting, was door prize winner.

Others attending were Mrs. Pat Sullivan, Mrs. Frank Parker Jr. and Mrs. George Robertson.

STUDENTS AT HOME, LET US KNOW

College students, home for Easter, please let us know about it. Where you are attending school, what you are studying and your class are all of interest to your family and friends. Let's have the details for an after-Easter story.

Dorrisville Class Meets at Wilson Home

The Soldiers for Jesus Sunday school class of the Dorrisville Social Brethren church, met recently in the home of Mr. and Mrs. Gene Wilson for its April social meeting. The class teacher, Mrs. Lawrence Reed, led in prayer following the opening hymn. The Rev. Earl Vaughn gave the devotion. Mrs. Reed and Mrs. Wilson were in charge of entertainment.

Mrs. Lewie Sweat and Mrs. Arthur Holland assisted Mrs. Wilson with refreshments and the following were present: Rev. and Mrs. Earl Vaughn, Janice, Gerald and Jim Vaughn, Mr. and Mrs. Gus Agin and Shirley, Lewie Sweat with Gary and Stevie, Gene Wilson with Harold and Dennie, Mrs. Arthur Holland, Mrs. Reed and Mrs. Wilson.

Hospital Notes

Harrisburg Hospital
Admitted: Mrs. James B. Reed, Equality. Mrs. Gilbert Joyner, 20 North Capitol.
Mrs. Nona Whitehead, 312 North Gum.
Mose Tavender, 123 South Grand.
Ed Thornsberry, RFD 1.

Tall Structures

The Eiffel Tower, at 984 feet, is Europe's tallest structure. Second tallest is a television tower at Stuttgart, Germany, which is 692 feet from the ground to the tip of its mast and is built atop a 1,600-foot hill.

Mrs. John Gibson Guest of Metcalfs

Mr. and Mrs. Robert L. Metcalf have had a house guest since last Saturday when Mrs. John Gibson of Chicago arrived. Mrs. Gibson, the former Hallee Ferguson, has had a very busy week with many of her friends and has hardly had time to be with her son, George Fredrick Henley, long enough for each to get brought up to date on the other's activities since Mrs. Gibson was last here.

Mrs. Gibson taught in the Horace Mann school for several years before moving to Chicago where she is still teaching. George is a resident of Harrisburg and there have been pleasant hours for mother and son in the home of Mr. and Mrs. B. W. Henley, George's grandparents.

Among friends who have entertained for Mrs. Gibson are Mrs. James Wells, who included her in the Monday bridge club, Mrs. Metcalf, who was hostess to some of her former school friends on Tuesday evening, Mrs. T. Y. Gregg, who entertained her for dinner and bridge on Wednesday, Mrs. Kenneth Davis, who entertained her for bridge, and Mrs. G. G. Mugge, who had luncheon for her on Thursday.

Mrs. Gibson saw many of her friends at the First Methodist church last Sunday and has had pleasant informal meetings as she shopped for Easter gifts in the downtown stores.

Friday evening was set aside for the Metcalfs and George. It has been a happy week, but no doubt there are still many of her friends who would like to have seen her during this short and busy visit.

Michael Bacon and Jim Durham arrived from Vanderbilt University Friday evening for a short Easter vacation with their parents. Michael is the son of Mr. and Mrs. C. A. Bacon of 3 West South street and Jim is the son of Mr. and Mrs. J. P. Durham of 300 McIlrath street. They will return to Nashville on Monday.

THE CHANNEL SWIM NBC Seeks TV Version of Old Kay Kyser Quiz

By WILLIAM EWALD
United Press Staff Correspondent
NEW YORK (UP)—The channel swim...

NBC is trying to work out a TV version of the "The College of Musical Knowledge," the old Kay Kyser radio quiz. If the show comes off, it'll probably replace the Tennessee Ernie Ford daytime.

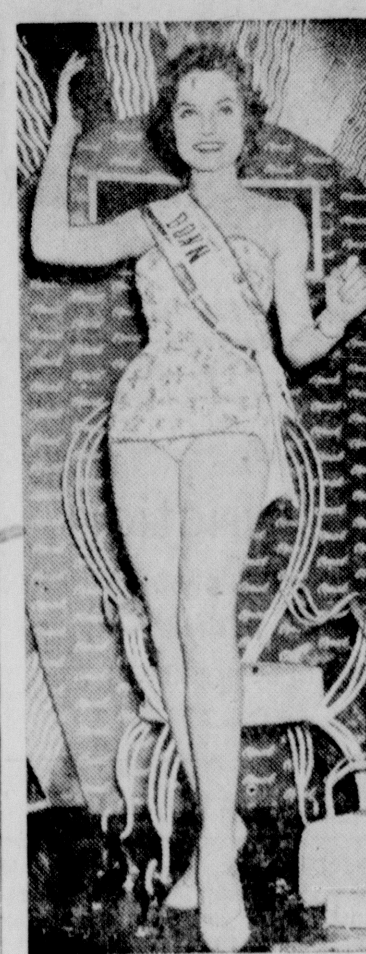

The William Morris talent agency is pitching a TV comedy series at Carl Reiner and Howie Morris, Sid Caesar's bananas. It's called "Up Front" and is based on the Bill Mauldin war cartoons. Neither Carl nor Howie, however, wants to make a move until NBC makes a decision on the fall status of the Caesar hour.

Jim Lowe, the fellow who recorded "Green Door," may get the nod as emcee of "Lucky Lady," a new giveaway in preparation for an ABC-TV afternoon slot.

Arthur Godfrey wants to dabble in legit acting—he's been offered a part this fall on "G.E. Theatre"—... Gen. Douglas MacArthur turned Mike Wallace down when Mike tried to woo him for his new ABC-TV interview show.

Lynn Dollar of "The \$64,000 Question" dyed her hair fire red... "Wide World of Sports" has taken on a temporary staff member who is a millionaire—she's Anne Gammali of the banking clan.

If NBC-TV latches on to the new Shirley Temple fairy tale series, it'll be alternate with Dinah Shore on Sunday nights.

his and hers
to cherish always
this once-in-a-lifetime portrait by
RONNIE

CAPITAL GAIN—Cologne, West Germany, lent shapely Hildegard Kuehn to the capital city of Bonn for the competition to select entries for the "Miss Germany" beauty contest. The 20-year-old "lend-lease" beauty won the "Miss Bonn" title. A music student, she was disqualified in last year's contest.

Friday evening was set aside for the Metcalfs and George. It has been a happy week, but no doubt there are still many of her friends who would like to have seen her during this short and busy visit.

Michael Bacon and Jim Durham arrived from Vanderbilt University Friday evening for a short Easter vacation with their parents. Michael is the son of Mr. and Mrs. C. A. Bacon of 3 West South street and Jim is the son of Mr. and Mrs. J. P. Durham of 300 McIlrath street. They will return to Nashville on Monday.

In Memoriam

In loving memory of Walter Wilson who passed away two years ago today, April 21, 1955. The moon and stars are shining. On a low and silent grave. Beneath it lies one dearly beloved. But whom we could not save.

The world is empty since you left us. Life to us is not the same. All the world would seem like heaven. If we could hear your voice again.

Our hearts still ache with sadness. Our eyes shed many tears. God alone knows how we miss you. As ends this second sad year. Sadly missed by his wife, children, mother and sister. *249-1

THE DAY BEFORE

**Maternal Dairy Cows
Normally Get
Enough Vitamins**

URBANA—Rumen bacteria normally will produce all of the vitamins that mature dairy cows need except vitamins A, D and E. But cows generally get all they need of these three on most farms, says Ralph V. Johnson, extension dairy specialist at the University of Illinois College of Agriculture.

Dairy cows have a two to three-month reserve supply of vitamin A stored in their bodies at the start of the barn feeding season, Johnson points out. At least half of the roughage fed in the form of good-quality hay or silage will provide enough extra vitamin A for the winter. Either 14 pounds of good legume hay or 20 pounds of corn silage will meet the daily need.

Bleached or weathered hay will be low in vitamin A. Heated or moldy hay will have lost nearly all of its vitamin A content.

Field-cured hay and a few hours of sunshine are the best sources of vitamin D. This vitamin is less

Items of Agricultural Interest

Animal Blood Testing Increases in Illinois

URBANA—Blood testing to detect brucellosis and leptospirosis in cattle and swine and pullorum disease in poultry increased sharply in Illinois during the past fiscal year.

This is indicated in the annual report of the diagnostic laboratory at the University of Illinois College of Veterinary Medicine. The laboratory is operated by

likely to be deficient in dairy cow rations than is vitamin A. The reserve supply of vitamin D in a cow's body will last several months even on a diet without any of the vitamin in it.

Feeds normally fed to dairy cows in Illinois provide the small amount of vitamin E they need. Research has not shown that additional vitamin E in the ration will have any effect on sterility problems.

the college in cooperation with the State Department of Agriculture. Diseased animals and samples of blood from animals are referred to the laboratory by veterinarians throughout Illinois.

The diagnostic laboratory received 98,325 blood and milk specimens and made 129,257 examinations in the past year. This is an increase of 29 percent in examinations and 24 percent in specimens over the previous year.

Dr. J. R. Pickard, laboratory supervisor says more than 62,000 blood tests were made for brucellosis, an increase of 16 percent over 1954-55. Blood testing for leptospirosis, a serious abortion-causing disease like brucellosis, numbered 31,350, up 49 percent. Pullorum tests were made on 27,358 specimens, an increase of 33 percent due to a new turkey testing program. Tests for vibriosis numbered 144, down about 45 percent.

There are five state diagnostic laboratories—one at the College of Veterinary Medicine in Urbana and one each at Springfield, Peoria, Centralia and Aurora.

The Veterinary College gets blood samples from all over the state because the college laboratory is the only one that conducts tests for leptospirosis on specimens submitted primarily for examination for brucellosis. About 47 percent of the samples submitted for brucellosis testing are also tested for leptospirosis at the request of the veterinarians.

The diagnostic laboratory also examines milk samples for signs of brucellosis and mastitis. The number of tests for mastitis last year totaled 1,947, up 26 percent over the previous year. Milk-ring tests for brucellosis in the "lab" declined from 2,200 in 1954-55 to 93 last year.

Tests made in connection with experiments and research at the college last year numbered 5,993 for brucellosis and 322 for leptospirosis.

Records of Illinois hog producers show that the top one-fourth have made 50 percent more return above feed costs than the lowest one-fourth.

A University of Illinois farm economist thinks that Illinois farmers probably will have less debt-paying ability in 1957 than they had in 1956.

**\$1.78 Bushel
Support Price
For '58 Wheat**

WASHINGTON (AP) — Secretary of Agriculture Ezra T. Benson today announced the national average support price for 1958 crop wheat will be \$1.78 a bushel. This is 22 cents less than the support rate for the 1957 and 1956 crops.

The new rate reflects 75 percent of parity. The 1957 support rate reflected 80 percent of current parity.

The 1958 support price will be contingent upon results of a grower referendum June 20. If quotas are approved by two-thirds of those voting — as expected—the support rate will be \$1.78. If they are not approved, the available support level will be at 50 percent of parity, or about \$1.18 a bushel.

Benson also proclaimed a national wheat acreage allotment of 55 million acres, the minimum permitted by law. He said this allotment with average yields will produce a crop of about 800 million bushels, after allowance for acreage placed in the acreage and conservation reserves of the soil banks.

This amount added to the estimated July 1, 1958, carryover of 875 million bushels and estimated 1957-58 marketing year imports of 5 million bushels would make a total supply of 1,680,000,000 bushels.

Acreage allotment for Illinois will be 1,386,663. Last year's allotment was 1,414,575 acres.

The department said county acreage allotments will be apportioned among individual farms. Wheat producers will be informed of the acreage allotments for their farms before the June 20 referendum, the department said.

LITTLE LIZ

The reason so few politicians write their memoirs is they probably are afraid of misquoting themselves.

JOHN F. TUFTS

Despite six years of drought, this 31-year-old Texan from Dallas has built a herd from seven to 205 cows to out-produce every herd over 50 in the Lone Star state.

ALEX S. CURTIS

At 31, this graduate electrical engineer with a love for the soil has developed a model farm near Manila, Ark. Curtis built it up from rundown acreage he purchased in 1949.

TAKESHI KUDO

Kudo, 34, of Kona, Hawaii, brought to flower an "impossible dream," the seed of which was planted in 1953. He has utilized a submarginal lava ground to develop new methods of growing coffee.

RUSSEL MAYER

Only 36, Mayer, of Milford, Utah, has made desert wasteland bloom. Through soil and water conservation planning, he has produced cash crops on more than 1,000 acres of once arid land.

'OUTSTANDING'—"Outstanding Young Farmers of 1956," the four men pictured, below, are the final winners from more than 10,000 young farmers originally nominated for recognition as "outstanding" in the 48 states, Alaska and Hawaii. Some 50 finalists, all in the 21-36 age group, gathered at Durham, N. C., to attend the awards presentation. Now in its third year, the annual program is under co-sponsorship of the U. S. Junior Chamber of Commerce, which has some 900 chapters, and the American Petroleum Institute Committee on Agriculture.

SIU Country Column

By Albert Meyer

More care in controlling noxious weeds in wheat and more careful combine adjustments may be necessary for wheat producers to meet new wheat grade standards that will become effective June 15, according to Dr. Walter J. Willis, Southern Illinois University agricultural marketing specialist.

This will be the first major change in the grade standards for wheat since 1934, he says. The scheduled new standards will reduce the amount of foreign materials permitted in Number Two grade wheat from the present two percent to one percent. Under present standards, Number One and Number Two grade wheat may contain seven percent shrunken and broken kernels, but under the new provisions this will be reduced to five percent. Also, the amount of other classes of wheat permitted in Number Two soft red winter wheat will be cut from the present ten percent to only five percent.

Willis says wheat producers, handlers, and processors generally have expressed a desire for such higher wheat grade standards so that they will more adequately meet the desirable trend toward better quality grain for human consumption in the United States and the higher standards necessary for exported wheat.

Wheat flour consumption by inhabitants of the United States has been declining during the last two decades, according to statistics on per capita consumption. During 1935-39 the average was 157 pounds of wheat flour per person. In 1956 it was 119 pounds. Primarily, this reduction may be attributed to changed eating habits related to the general economic condition in the nation. More persons have more money to spend today and are eating higher priced foods—more meat, fruits, and vegetables.

Controlling noxious weeds, particularly wild onion and wild garlic in wheat is no easy job, but should concern wheat growers who want to avoid price penalties when marketing grain.

Dirty wheat must be cleaned before it can be used for milling purposes and this procedure adds to the processing costs. Obviously, it is essential to sow good clean seed. To add to the weed problem by sowing grain polluted with weed seeds is a futile practice. Problems with some kinds of weeds may be reduced by cultural methods. If the fields are

plowed rather early in the summer, many weed seeds near the surface may germinate and begin growing before seeding time. Shallow cultivation of the fields one or two times during this period will destroy many weeds. In this way weed infestation may be reduced considerably over a period of years.

Wild onion and wild garlic present a special problem. Cultural practices will work rather effectively to keep these down in summer cultivated row crops, but do not apply so well to onions and garlic in winter wheat.

At the present time the use of chemicals seems to offer hope for control in wheat fields. This practice is receiving experimental attention. Testing has been underway at Southern Illinois University for at least three years. Two or three questions must be considered: the amount of damage to wheat plants from the chemical spray, the expense, and effectiveness for control.

Dr. Herbert Portz, SIU crops specialist, says that at the present time the most practical results have been obtained by using 2,4-D as a spray at the rate of three-fourths to one pound per acre, applied when the wheat plants are beginning to joint in the spring. His tests show that the grain yield is not materially affected, and the wild onion and wild garlic plants are stunted or caused to curl down so that aerial bulbils do not form before the wheat is harvested. The bulbils are the troublemakers in harvested grain.

The 2,4-D spray application also will kill various broadleaf weeds. Portz points out, however, that the spray also will play havoc with legume seedlings. Consequently, spraying with weed killing chemicals when the wheat is being used as a companion crop for a legume crop is pretty risky. Experimental work is underway with other spray materials for garlic, onion and weed control in wheat.

University of Illinois Experiment Station

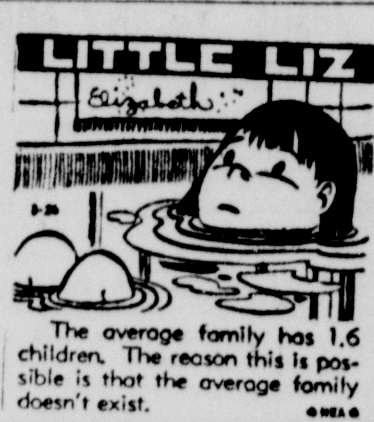

(A round-up of the week's work, activities, and observations at the University of Illinois Dixon Springs Experiment Station near Robbs in Southern Illinois, prepared by the Station's staff.)

A yearling steer will eat — in nice, round figures — about 25 pounds of oven-dry forage each day on pasture. In green matter, just as the steer finds it growing, this figure will range on up to 100 pounds a day. Just how well the steer makes use of the pasture that he eats will depend upon its quality, upon your grazing management, upon his ability to gain — fast or slow, upon his health and upon how well you control flies and other parasites. Assuming all of these factors to be equal, then the way that a steer uses the pasture will depend upon how fat he is when he starts to graze.

High to Low Pasture Gains
 On the Station at the start of last year's grazing season, we had yearling steers, all the same age, with three distinct levels of fleshing. Average weight of thin steers was 431 pounds; medium, 496 pounds; and fat, 636 pounds. During about 200 days of grazing, the thin steers gained 242 pounds; the medium, 189 pounds; and the fat, 124 pounds. But regardless of summer gain, each steer ate about 5,000 pounds of oven-dry forage. If you had to buy these steers to graze, it is obvious which group you would choose. But whether you buy or raise them, it is still poor business to graze fat steers.

Grazing vs. Hay
 To illustrate—let's assume that each steer in the three groups ate 5,000 pounds of dry matter during the summer. If this same forage had been cut for hay, it would have been worth about \$20 a ton, or a total of \$50. But it would cost us at least half that to mow, rake, bale and store that hay, leaving a net value of \$25 for the hay that each steer ate as pasture. Surely we can get more than that by letting the steer do the harvesting. Let's put it down in table form. We'll conservatively figure the gain worth 15 cents a pound. Interest charges will vary, depending on the weight of the steer.

5,000 lb. dry matter at \$20 ton—\$50.
 Having cost at 10c ton—\$25. Net \$25 returns from hay per ton.
 5,000 lb. through thin 431 lb. steer—242 lb. gain at 15c—\$36.30. Interest on steer, 1c day—\$2.00. Net \$34.30.
 5,000 lb. through medium 496 lb. steer—189 lb. gain at 15c—\$28.35. Interest on steer, 1 1/4c day—\$2.50. Net \$25.85.
 5,000 lb. through fat 636 lb. steer—124 lb. gain at 15c—\$18.60. Interest on steer, 1 1/2c day—\$3.00. Net \$15.60.

The average family has 1.6 children. The reason this is possible is that the average family doesn't exist.

Now this is what actually happened last year on the Station. Without question it pays to graze the thin steer. Most of us would choose to graze the medium steer. But it was a losing proposition to graze the fat steer. This fellow should have been fed out and the pasture forage either made into hay or fed to thin or medium-fleshed steers.

 Eldorado, Ill. Phone BR 3-4747

For The nitrogen
Your Soil Needs At Lower Cost...
 Depend on Anhydrous Ammonia Supplied By **Liquid Fertilizer Co.**
GET YOUR APPLICATION PLANNED NOW!
IT'S ECONOMICAL—The cost per pound of nitrogen supplied by Anhydrous Ammonia is less than any other nitrogen fertilizer. It fertilizes with less waste because it is measured into your soil to give even distribution. With 82.2% nitrogen, Anhydrous Ammonia is the most concentrated nitrogen fertilizer... puts more nitrogen into your soil than any other.
IT GOES INTO THE SOIL... NOT ON IT—Anhydrous Ammonia puts nitrogen INTO the soil at "root-zone" depth—not ON it—so it's away from wind and rain.
IT HELPS PRODUCE BIG YIELDS—Used with balanced fertilization and good farming practices, Anhydrous Ammonia supplies the nitrogen needed for bigger yields, better quality, bigger profits. It's simple to get an impartial soil test from your state agricultural college.
APPLICATION IS SIMPLE—One of our custom applicators will apply it for you!

FARMERS... INCLUDE WHITE CORN IN YOUR CROP ROTATION PLANS NEIGHBORS...
WHITE CORN IS JUST AS GOOD FOR FEED IN A BALANCED RATION AS YELLOW CORN.
HERE ARE THE FACTS
 1. One of your greatest opportunities for larger CASH profits is WHITE CORN... Over a period of years WHITE CORN has consistently brought a premium over yellow corn and should continue to do so.
 2. Many reliable sources report that WHITE HYBRID SEED CORN now available is as good and in many cases better than yellow corn in yield, resistance to drought, insects, winds and other hazards.
 3. WHITE CORN is just as good for feed in a balanced ration as yellow corn.
 4. Corn Millers want WHITE CORN. Should the Corn Millers of this country be forced to import WHITE CORN because of a substantial decrease in WHITE CORN production, the American Farmer will be the loser.
 5. Year in and year out your best CASH corn crop has been WHITE CORN.

Sunday School Lesson

By Dr. Archie E. Brown
Pastor First Baptist Church
Vandalia, Ill.

"Jesus' Victory and Commission"

Matthew 28:1-10; 16-20

GOLDEN TEXT: "All power is given unto me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost; teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you alway, even unto the end of the world." (Matt. 28:18-20)

INTRODUCTION: Easter Sunday is here once again. Of course, all of us realize that in reality every Sunday is a reminder to all of us of the resurrection of our Lord. Every Sunday reminds us of his victory over death. Still, there is something extra special about this one Sunday in each year which is set aside and called Easter. In this lesson today we begin with the resurrection of our Lord, but we go on to a great conclusion. Since he has conquered death and the grave, and since we know that he now lives, we are inspired to serve him all the days of our life.

I. OUR VICTORIOUS LORD
(vv. 1-10)

It is just a short distance from the "hill of the skull," Golgotha, down to the tomb of Joseph of Arimathea where Jesus was buried. Let's follow Mary Magdalene and the other Mary to the tomb. It is early (just about dawn) on Sunday morning. Jesus has been crucified and placed in the tomb. Their hearts are heavy and their steps rather slow.

Listen to the rumbling sound and feel the earthquake; See the angel of the Lord descend from heaven. Watch as the soldiers guarding the tomb fall to the ground. Hear the angel speak to the women:

"Fear not ye: for I know that ye seek Jesus, which was crucified. He is not here: for he is risen! Come, see the place where the Lord lay."

Now watch, as those women look into the tomb. They observe the burial clothes and the napkin. Jesus is not there! How excited they are as the full realization of what has happened surges through their souls.

The angel of the Lord has commanded them to go and tell Jesus' disciples that he is risen from the

dead. Jesus has already appointed a place in Galilee where he would meet them after the resurrection. (v. 16).

Stop! Look! Who is that on the road facing the women? It is Jesus! Now see them as they fall on their faces and cling to his feet and worship him, (v. 9). Listen. Jesus is speaking: "Be not afraid. Go tell my brethren that they go into Galilee, and there they shall see me."

II. ALL POWER GIVEN
OUR LORD (vv. 16-18)

What a glorious gathering this was. Jesus had already appointed a certain mount to be the meeting place, (v. 16). When the disciples all gathered together at this mountain, they worshipped him.

This is the Son of God! No doubt about it now. He has conquered death and the grave. He stands before that crowd of disciples. A hush falls over his audience as he begins to speak: "All power is given unto me in heaven and in earth." No one but Jesus Christ, the Son of God, has such power.

III. THE GREAT COMMISSION
(vv. 19-20)

Jesus continues: "Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the Son and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you alway, even unto the end of the world."

Christian friend, that is our great commission. That is our marching order.

CONCLUSION—Some mighty fine people have misinterpreted their duty as Christians. The primary reason you, my Christian friend, are left here on earth is not to do social work. That is important. You are not to entertain folks. Sometimes that is important. But, friend, if you are a Christian, your primary obligation is "to make disciples!" The fruit of an apple tree is the apple. The fruit of an orange tree is the orange. **THE FRUIT OF A CHRISTIAN IS ANOTHER CHRISTIAN.** Are you bearing fruit for Jesus?

Yesterday, these four were their Mothers' despair. Their faces were grimy, their playclothes spattered with mud. They were even ready to put up their fists and fight when the rivalry between spacemen and cowboys became a little too keen.

Today, they are immaculate. They sing like young angels. They even look like angels... because today is Easter! And these boys are proclaiming the glorious message that Christ Is Risen.

Easter is the time of promise, beauty, awe at the miracle of birth and rebirth. Easter is the time to let the joy of living seep into you. It is the time to tell yourself that you believe... and, if there's been any doubt about it, to start believing again.

Spend part of your Easter in Church. Spend the rest of it looking, with new eyes, at the wonderful God has created around you.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Respect Rights Of All, Mason Tells Editors

CARBONDALE, Ill. — Liberty means respect for the rights of all, Lowell B. Mason, "great dissenter" of the Federal Trade Commission, told Southern Illinois newspaper editors Friday at Giant City State Park Lodge.

"The spirit of liberty is no mere jealousy of our own rights, but a conviction that every citizen is entitled to the same protection we demand for ourselves," Mason said.

An FTC member 11 years until his resignation in 1956, Mason spoke at an annual spring banquet of the Southern Illinois Editorial Association. During his membership, he filed 82 dissents against FTC orders, more than all the agency's other commissioners combined.

Sounding a warning against over-centralized government, Mason said, "As government moves away from the people to Washington, it moves away from its last restraint."

"The great American myth today," he added, "is that you can lick totalitarianism by creating a gigantic bureaucracy."

The former commissioner also warned editors against "modern tyranny intertwined with good intent."

"The public assesses motives as benign and is indifferent to insidious effects of totalitarian short cuts," he said. "When men trained in scenting tyranny decry these short cuts, the public is all too ready to attack their motives. 'Most men in high offices seek the good life for their countrymen,' he continued. 'One need not worry so much about their ultimate goals as the means to be used.'"

Illinois Legion Offers Displaced Person Job to Keep Family from Russia

CHICAGO (UP) — American Legionnaires were still optimistic today that a Russian displaced person will keep his wife and four boys in the United States and not take them back to the Soviet Union.

The veterans offered George Kozmin, 54, an easy job with good wages Friday, if he would keep his family together in Chicago.

But Kozmin, who had earlier promised Russian diplomats that he would return to the U.S.S.R., felt that the offer came too late.

Still, members of the Illinois department of the Legion planned to have a Russian speaking Baptist minister talk to Kozmin.

The family came to the U. S. in 1950 after being freed from a Russian slave-labor camp. They were then placed in a displaced persons camp in Germany where three of their sons were born.

A fourth boy was born to the couple 11 months ago.

Recently the Soviet Embassy in Washington has been trying to persuade the family to return to their homeland.

Chicago welfare workers have said that they felt the Russian Embassy has been attempting to turn the Kozmiss against the U.S., and that they want the family back behind the Iron Curtain as a propaganda stunt.

The three older boys are now wards of the court and do not want to return. A Family Court judge will rule on the case on May 15.

Rev. Fuson Assumes Duties as Saline Ass'n Moderator

The Saline Mission board met Tuesday evening at the First Baptist church in Harrisburg, at which time it officially accepted the resignation of the Rev. H. Todd Taylor of Raleigh, as moderator. Rev. Taylor is leaving the pastorate of the Raleigh Baptist church to move to Alton as pastor of the Calvary Baptist church there.

The associate moderator, the Rev. William Fuson, pastor of the Dorrisville Missionary Baptist church, accepted the responsibility of moderator and will become leader for the work of 33 churches and four missions with a membership of about 8,000 Baptists in Saline Association.

After a report of Missionary Ernest Ammon on finance and mission work, the board appointed two more trustees, Rev. James Franks, pastor at Galatia, and Rev. Roy Reynolds, pastor of Bankston Fork church.

Dr. H. L. Waters reported on a trip of the Baptist College committee which met with the president of the Southern Baptist College of Walnut Ridge, Ark. The committee met the head of the Baptist Institution at Chester, Ill., and reports the willingness of the college to make extension work available there in September.

Galatia Register

24th District Director

Guest of Galatia Auxiliary

Mrs. Kathleen Burgess, 24th district director of the American Legion auxiliary was guest of the Galatia auxiliary at the April meeting. This was a birthday meeting, also, and Mrs. Loudean Higgins and Mrs. Dena Butler were recipients of birthday gifts. Following a short business meeting and a speech by the guest, the president dismissed the meeting with prayer.

Refreshments of sandwiches, fruit salad, cake and coffee were served and games were played and prizes awarded. Present were Mrs. Norma Jean Smith, Mrs. Vern Yates, Mrs. Pauline Gill, Mrs. Stella Brock, Mrs. Nell Smith, Mrs. Effie Williams, Mrs. Edna Jones, Mrs. Lora Sutton, Mrs. Dena Butler, Mrs. Loudean Higgins and the guest.

Stevenson to Merge Law Business With New York Firm

CHICAGO (UP) — Adlai E. Stevenson, former Democratic candidate for president, and his law partner will soon merge their law business with a New York firm.

A spokesman for the Libertyville, Ill., publisher and former Illinois governor, said Stevenson's move was a further step in "returning to the practice of law as his major career."

The merger will join Stevenson and W. Willard Wirtz with Paul Weiss, Rifkind, Wharton and Garrison of New York.

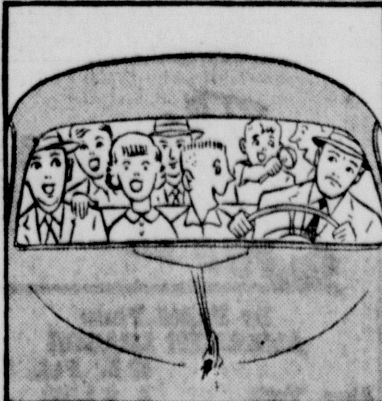

Stevenson will stay in Chicago, the spokesman said.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Recent tragic news stories have highlighted the dangers of overcrowding a passenger vehicle. Not very long ago the lives of a dozen persons traveling in one automobile were wiped out.

An overcrowded front seat does not allow the driver the freedom of movement he needs to handle a vehicle safely. He is almost cramped into the left hand corner of the seat if there are too many other persons in the front seat.

It is quite easy to imagine how the vision of the driver is impaired when the back seat is overcrowded. The rear view vision mirror is installed in an auto to allow the motorists to see the movement of traffic through the rear window. However, the driver is unable to do this if passengers are stacked in front of the rear window.

Another consideration is that the driver is almost certain to become engaged in conversation with some of the other passengers and as a result is very apt to take his mind off of the very important task of driving.

A copy of the completely new "Lessons of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Mrs. Wm. Certain Dies at Eldorado

Mrs. Lucy Certain, 72, wife of William Certain of 1900 Main street, Eldorado, died in the Ferris hospital at 7 p. m. Friday.

She had been a patient there for several days. The body is in the care of the Bean and Tanner funeral home of Eldorado and will be taken to Equality to lie in state at 6 p. m. today in the home of her daughter, Mrs. Frank Kingston.

Surviving are two other daughters, Mrs. Margie Kobal and Mrs. Marie Bybee of Eldorado. The funeral plans are incomplete.

Soviets Seek Truce With Tito

LONDON (UP) — The Soviet Union has launched a new campaign for a diplomatic truce with Yugoslavia, informed sources said today.

The sources said this was evident in Albania's surprise offer of friendship in Yugoslavia Friday.

Announce Winners of Wardrobes of Shoes At Arensman's Store

Winners of the three wardrobes of shoes given away at Arensman's Shoe store Friday, April 19: Women's: Myrtle Hooten, 25 West Midkiff, Harrisburg. Men's: Forrest Groves Jr., 18 West Baker, Harrisburg. Children's: Rickie Sprott, 415 North Granger, Harrisburg. Each winner will be allowed their choice of a pair of dress shoes, a pair of casual shoes, and a pair of house slippers.

The only requirement for the entrants in the contest was to enter the store and register.

Larsen to Make First Start Against Red Sox; Podres To Face Pittsburgh's Ace

By United Press

Don Larsen of the Yankees and Johnny Podres of the Dodgers, both eager to pick up where they left off, get their chance today with their first official starts since pitching the games that made each a national hero.

Larsen faces the Red Sox today in his first regulation appearance since hurling a perfect game against Brooklyn in the World Series last fall, and Podres, who served an interim hitch in the Navy, opposes the Pirates in his first official outing since he beat the Yankees, 2-0, in the seventh game of the 1955 World Series.

Larsen insists he is going to try to extend his perfect skein today against Boston as long as possi-

ble although he hasn't been especially impressive in exhibitions this spring.

To Oppose Nixon

He will be opposed by knuckleballer Willard Nixon, who won nine games last season, three of them against the Yankees.

Unlike Larsen, the left-handed Podres has been something of a sensation with the Dodgers this spring. Save for one inning against Milwaukee on March 14 when he gave up eight runs, he yielded only five runs in 31 innings for an earned run average of 1.45.

Opposing Podres will be Pittsburgh ace Bob Friend, with one victory to his credit already this season.

The Milwaukee Braves, who like the Dodgers have won their first two games, are sending Ray Crone against Brooks Lawrence of Cincinnati.

Manager Mayo Smith of the Phillies, looking for his first victory after two straight setbacks, is sending left-hander Harvey Haddix (13-8) against the Giants. Bill Rigney will counter with either Al Worthington (7-14) or Johnny Antonelli.

Cubs, Cards Tangle

In the other games scheduled in the National League, Don Kaiser, one of the Chicago Cubs' promising young pitchers who is better than his 4-9 record of last season indicates, is slated to go against Lindy McDaniel (7-6) of the St. Louis Cardinals.

Detroit, which has dropped its first three games, hopes to register its first victory today at the expense of Early Wynn (20-9) of Cleveland. Either Frank Lary, a 21-game winner last year who lost this year's opener, or Paul Foytack (15-13) will go for the Tigers.

Dick Donovan (12-10) will be trying to pitch the White Sox to their third straight victory and he'll be opposed by either Tom Gorman (9-10) or rookie Gene Host of the Athletics.

Lanky Connie Johnson, who won nine games and lost 11 for Baltimore, is slated to face Camilo Pascual of Washington.

There were no games scheduled in the majors Friday.

West Frankfort Relays Today

The 26th annual running of the West Frankfort Relays is scheduled for today, with the finals to get underway at 7 p. m. Preliminaries were held this afternoon, starting at 2.

The East St. Louis Flyers are defending champions, having taken the title in 1955 and '56.

The West Frankfort Relays are divided into two divisions—the relays division and special events group.

In the relay events are the two mile, mile, low hurdles, high hurdles, sprint medley, distance medley, freshman and varsity 880-yard relays with scoring on a 10-8-6-4-2 point basis.

In the special events are the 100 yard dash, high hurdles, shot put, discus, pole vault, high jump and broad jump with points scored 5-4-3-2-1.

An individual may compete in two specials and one relay or two relays and one special, but may not compete in three relay or three special events. Each school may enter two men in each special event and one team in each relay.

A check of the West Frankfort Relay records reveals only one local area record holder. In 1953 the Equality high school distance medley team covered the distance in 8:7.2 for a record time that still stands.

Members of that record-breaking Equality team were Stan Sisk 220, Jim Sisk 880, Ted Thompson 440 and Bob Pitchers running the mile.

ALL TROUBLE — Hal Smith, Cardinal catcher, holds his head as he thinks of what's ahead for him when he handles the three knuckle ball throwers on Manager Fred Hutchinson's staff. Left to right, Murry Dickson, Hoyt Wilhelm and Jim Davis, a left-hander to boot.

Beecham Punches Out Decision Over Holly Mims

MIAMI BEACH, Fla. (AP) — Jimmy Beecham, a diet-conscious "smoothie" from Miami, today attributed his revenge victory over Holly Mims to the seven pounds he lost since last November.

Beecham scaled 153 pounds Friday night when he punched his way to a majority 10-round decision over Mims in their return TV fight at the Miami Beach Auditorium. That was exactly seven pounds less than he weighed in their first meeting last Nov. 13, which Mims won on a close decision.

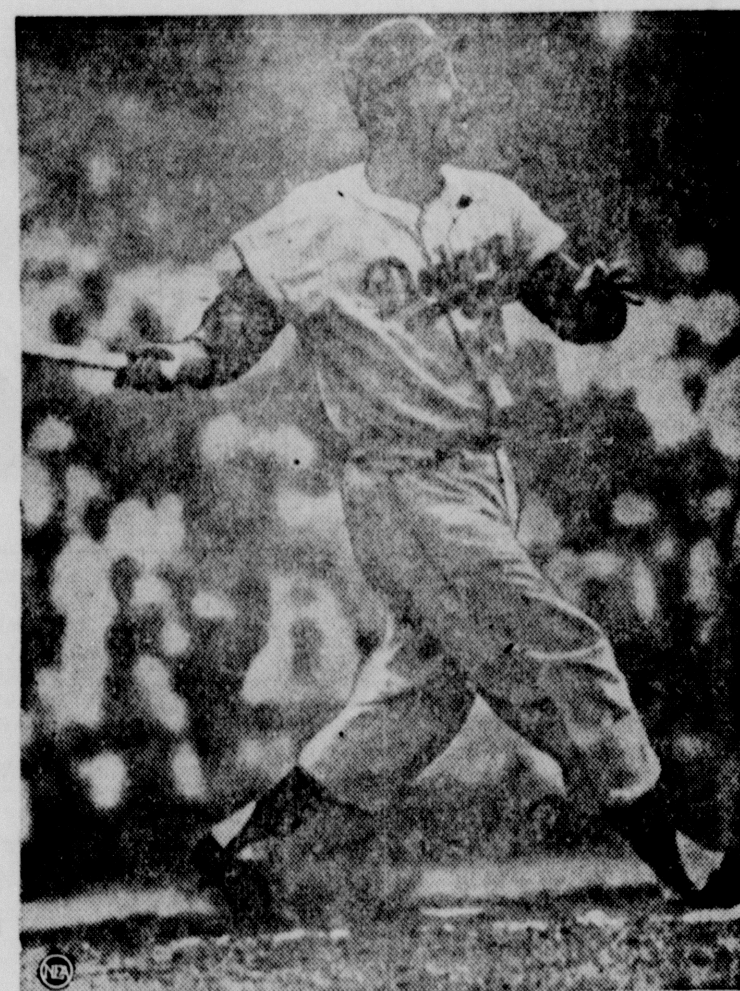

"I felt much better this time and I think the weight I dropped made a big difference," Beecham conceded. He added he plans to maintain mainly as a welterweight in the future and expects to have no trouble getting down to that division's 147-pound limit.

Cancer Toll

In a town of 5,000 population, according to the American Cancer Society, 22 persons will be under treatment for cancer this year, and 1,250 now living will eventually develop cancer, while 800 will die if present rates continue.

Much in Little

Egypt's borders enclose a land area equal to that of Texas and New Mexico combined, yet it squeezes a population of 22,221,000 (two and one-half times that of Texas) into 3 per cent of this space.

BIG GUY—Brooklyn's Duke Snider is razed for ducking left-handed pitching, but the centerfielder's run-making bat still is a big reason why the Dodgers will be in the middle of the National League race.

Hansen Heads Detroit Tigers

DETROIT (AP) — Harvey Hansen, 61, Detroit lumberman and a follower of the Detroit Tigers since 1911, is the new president of the American League baseball team, its third in less than a year.

Hansen's election by the board of directors Friday, was unexpected since Fred Knorr, the man Hansen succeeds, was the motivating force behind the 11-man

syndicate which last fall purchased the Tigers for \$5,500,000. Hansen said that there would be no change in the Tiger field or front office staff.

Knorr, at 43, was one of the youngest presidents in recent baseball history. He now takes over as vice chairman of the board. Hansen, as well as board chairman John F. Fetzer, is a business associate of Knorr.

Elgin State Hospital, Manteno State Hospital and Chicago State Hospital

Are in need of both male and female attendants. Beginning salaries range from \$175.00 to \$190.00 per month. Room, board and laundry available at \$38.00 per month. Physical and Civil Service examinations are required.
